

Our vision

We help people regain control of their lives, providing hope and a sense of purpose in helping them stay well.

Join our Citizen Involvement Board

Originally established over 20 years ago as a registered charity to provide an advocacy service in Fylde & Wyre, n-compass has grown to provide several services that enhance the health and well-being of vulnerable people across the North of England. Our organisation has an exceptional track record; employs over 147 skilled staff and has a turnover of £5.3m in 2020/21.

This is an exciting time to join a successful provider of advocacy, carers, counselling and health & well-being services for both adults and young people. We are looking for citizens to join our Citizen Involvement Board; to play a significant part in delivering the next chapter in n-compass success story.

We are keen to recruit people with the passion, energy and values associated with this unique and dynamic organisation.

The Citizen Involvement Board is key to the continued development of our services, to ensure that they meet the needs of our communities. n-compass Citizen Involvement Board consists of user representatives from each of the services we deliver together with various n-compass staff members, including the CEO.
