91%

of volunteers surveyed told us that volunteering gives them a feeling of personal achievement.

76%

of volunteers surveyed agreed that volunteering has helped them to achieve their personal goals.

What you said...

The Volunteer Hub really **takes care** to prepare volunteers, they value the time people are willing to give and **support** you all the way. It's how supporting volunteers should be!

Everything is **perfect** and I can't wait to keep progressing with the volunteering.

I have not been volunteering for long but am **impressed** with the whole organisation and the services offered and the **inclusive** way volunteers are treated.

I have really **enjoyed** my role because it was explained well, the training was provided in a timely manner, I have support when I need it and am kept up to date with anything.

Volunteering is such a **brilliant** thing to do. It certainly **keeps me on my toes** and in volunteering you can do as little or as much as you are able to do.. well worth a try.

It's **good** to feel you can contribute your time helping others. It's also **good** to get away from the daily family lifestyle and meet others around you that **support** you in times of help.
